

An abstract background featuring a mix of green, yellow, and blue brushstrokes on a light-colored surface. The strokes are thick and textured, creating a vibrant, painterly effect. The colors are layered and blended, with some areas showing more of one color than another.

*I am Megi Hysa student of “Abdyl Paralloi” school in 9-th grade. I live in “Emin Matraxhiu” district. Our economical conditions are hard and bad, my house is in bad conditions too. We’re 6 members in my family. I go to school every day and I get good marks, because I think that school will make me a good person for the future. And as many teenagers dream for a good life and this foundation has helped me a lot and has made me feel better and equate with other friends in school.*

*Thank you so much I deeply appreciate it. Thank you from me and my family.*
